## PROFESSIONAL SUMMARY

Motivated Computer Science Engineering graduate experienced in C#, .NET, ASP.NET Core, React.js, SQL Server, JavaScript, HTML, CSS, Java, Spring Boot, REST API Development, and Entity Framework. Strong foundation in MVC, OOP, Database Management, Git/GitHub, Agile SDLC, Full Stack Development, and Problem-Solving, with experience building scalable and user-friendly applications. Seeking Software Engineer, Software Development, Java Developer, .NET Developer, Full Stack Developer, Frontend Developer, or Backend Developer opportunities.

## SKILLS

- **Languages:** C#, Java, JavaScript, SQL, HTML, CSS, XAML, WPF.
- **Frameworks & Libraries:** ASP.NET, React.js, Spring Boot.
- **Technologies:** REST API, CI/CD, AI/ML, NLP.
- **Databases:** MS SQL Server, LiteDB, SQLite.
- **Tools & Platforms:** Git, GitHub, Visual Studio, Azure Cloud.
- **Concepts:** OOP, DSA, SDLC, MVC Architecture, Debugging, Deployment, API Integration, JWT Authentication, Entity Framework, Version Control, Clean Code Practices.

## CERTIFICATION

- ASP.NET Certification – Udemy
- SQL Certification – Udemy
- HTML and CSS Certification – Udemy
- JavaScript Programming Certification – Udemy
- C# Programming Certification – Udemy

## KEY ACHIEVEMENTS

- Developed 4 full-stack applications using ASP.NET Core, React.js, Java, and SQL, implementing REST APIs, authentication, database integration, and user-focused features.
- Built AI-integrated applications including an LLM-powered story generation system **and an** NLP-based Anonymous Case Complaint System using DistilBERT for text classification.
- Completed Full Stack development internships with hands-on experience in frontend, backend, and database development, contributing to real-world application development.

## PROFESSIONAL EXPERIENCE

### Full Stack Development Intern — AKHILSOFT SOLUTIONS

- Engineered full-stack web modules using React.js, C#, .NET, and SQL Server, implementing REST APIs and debugging applications within an Agile SDLC environment.
- Enhanced application functionality by connecting responsive frontend interfaces with backend services and SQL Server databases through REST API integration.
- Improved application stability and data reliability by troubleshooting software issues, testing application workflows, and supporting consistent data flow across frontend, backend, and database layers.

## PROJECTS

### Full Stack Hotel Management System

- Engineered a responsive full-stack hotel management application using C#, .NET, SQL Server, HTML, CSS, and JavaScript, implementing authentication, booking, payment tracking, REST APIs, and database-driven modules.
- Connected frontend and backend components to centralize hotel operations and improve user experience through structured application workflows.

### Full Stack E-Commerce Website

- Built a full-stack E-Commerce website using React.js, Java, Spring Boot, and H2 DataBase, implementing REST APIs, secure CRUD operations, and frontend-database connectivity.
- Enhanced application reliability through debugging and testing while following Agile software development practices.

### Mini Social Media Platform

- Developed a full-stack social media platform using HTML, CSS, JavaScript, C#, ASP.NET Core Web API, and MS SQL Server, implementing REST APIs and secure user authentication.
- Implemented profile management, post CRUD operations, likes, comments, and follow/unfollow functionality to support core social media features.

### AI-Powered Novel Generation System

- Created an AI-powered Story Generation System using C#, .NET, XAML, NLP, Prompt Engineering, and REST APIs to generate context-aware content.
- Implemented scalable backend workflows and reusable modules to support dynamic content generation. Designed reusable backend workflows and managed local data, version control, and project collaboration using Git and GitHub.

## EDUCATION

- **Bachelor of Engineering (B.E.) – Computer Science**  
PSNA College of Engineering and Technology | 2022–2026 | Dindigul, Tamil Nadu
- **Higher Secondary Certificate**  
SHRI RAMANA VIKASS HR. SEC. SCHOOL | 2020 – 2022 | Cholapuram – Sivagangai
- **Secondary School Leaving Certificate**  
VELAMMAL MATRIC. HR. SEC. SCHOOL | 2018 – 2020 | Thirupuvanam – Sivagangai

## CORE COMPETENCIES

- Full Stack Development
- Software Development
- Backend Development
- AI Integrated Development
- REST API Development
- Frontend Development
- .NET Development
- Java Development
- Agile Development
- Problem Solving
- Database Management
- Responsive Web Design
